

# BECOME AN ENERGY COACH!

Do you want to help your neighbors save money while reducing their carbon footprint?

Join a team of volunteer **ENERGY COACHES** and make a real difference in your community!

## WHAT ENERGY COACHES DO

- Guide residents through the adoption of energy-efficient heating and cooling systems (heat pumps).
- Explain rebates, incentives, and clean energy options.
- Receive training - no prior expertise required!

## WHY VOLUNTEER?

- Empower community members to cut costs and cut carbon.
- Get knowledge and skills about energy efficiency and clean energy.
- Be part of the transition to a sustainable future.
- Join a supportive and committed regional team.

## WHAT'S THE COMMITMENT?

- Attend 6 online training sessions (April 23-May 28) - [REGISTER HERE](#).
- Flexible volunteer hours - just a few hours per month.
- Ongoing support provided by HeatSmart Alliance.

## INTERESTED?

- Contact Mimi Kaplan at Pioneer Valley Planning Commission [mkaplan@pvpc.org](mailto:mkaplan@pvpc.org) for questions about the program or Eric Broadbent [ericssonbroadbent@gmail.com](mailto:ericssonbroadbent@gmail.com) for questions about the training.
